AN ACKNOWLEDGMENT

In all fairness to the readers of this column an explanation is due. The marked improvement noticeable in "A Word In Edgewise" for the 10 days preceding Thanksgiving was due to the fact that during that period, guest writers were contributors while the person who ordinarily grinds out the prosaic stuff was hors de combat.

While illness is never invited or welcome it sometimes serves a wonderful purpose in furnishing irrefutable proof that friendship is still a word with real meaning in it.

It also affords plenty of time for reflection and the pondering of many things to which we ordinarily give but little or only passing thought. One thing in particular is impressed upon the mind and that is of how little consequence the ordinary individual is in the great scheme of things. There are times in the lives of most people when they hug the delusion to their chests that they are indispensable to the business with which they are connected. A very potent way of deflating that mental balloon is to get sick, sit on the sidelines and much to your surprise find that the business goes along just as well, and often much better, by reason of your disassociation with it. As an effective cure for vanity I know of none better.

To the friends and co-workers who have so effectively "carried on" I wish to make grateful acknowledgment, accompanied by the hope, that in some way, sometime, I may be able to return the favor.

Aged Man Lured Off Train And Beaten, Robbed

MARTINEZ, Nov. 29.—Sheriff's deputies and Constable Eugene Shea of Pinole today were investigating facts surrounding the beating and robbing of John Fife, 78, wealthy Nevada rancher, after he had been lured from a Reno-San Francisco train at Crockett Wednesday night.

The aged man, his face bloody, was found wandering near Pinole yesterday by Constable Shea and was brought to the sheriff's office here. He was unable to state his name but he was recognized by Deputy Sheriff Hercules Logan who knew him in San Francisco years ago. Logan called a brother, Dr. Joseph Fife of San Francisco, who took the Nevada home.

Fife told an incoherent story to officers here. He said he made the acquaintance of several men on the train and was lured by them to leave it at a station near Pinole. He believed it was Crockett.

Taken into the hills near Pinole, Fife was set upon and beaten by the men, who took his coat and his money. He was unable to say how much he lost.

He still had \$5 and his watch when Constable Shea found him.

PROSSER HELD IN COUNTY JAIL

Clerk Fails To Get Bail; Claims He Did Not Know Of Search

Fred J. Prosser, El Cerrito city clerk, was lodged in the county jail at Martinez last evening by Sheriff John A. Miller and Deputy Sheriff Ralph Beck following their return from Los Angeles where Prosser was arrested on Thursday morning.

Prosser, declaring that he did not run away, and that he did not know that a bench warrant had been issued for his arrest for alleged contempt of court, attempted vainly to have bail set so he could be released. The bench warrant was issued by Superior Judge A. F. Bray and in it no provision was made for bail.

Judge Bray was absent from Martinez last night and the jailed city official attempted to contact Superior Judge T. D. Johnston to have bail set.

TO APPEAR TODAY

He was informed by the jurist, however, that he must stay in jail until Saturday morning at 9:15 o'clock when he will be brought up for a hearing. Bail may be fixed then.

Prosser was to appear in Superior Court, November 18 and either pay the alimony to Mrs. Prosser, an invalid and destitute, or go to jail. He failed to appear. A bench warrant was then issued.

A search revealed that the city clerk was not in El Cerrito and that he had told friends he was going to the Klamath river on a fishing trip. He drew a check for his salary before leaving.

ARRESTED IN LOS ANGELES

When Sheriff John A. Miller received the warrant, he immediately launched an investigation and

Creamery Co. Offices Here Robbed By Yegg

Police last night opened an investigation into the robbery of the Golden State creamery offices at Macdonald and San Pablo avenues. Robert Smith, 822 Everett street, El Cerrito, discovered the robbery shortly after 11 o'clock and summoned police.

The burglar scaled a high fence in the rear of the place, broke a glass door, and then smashed a glass door in the cashier's office. Police believed he used a tire iron to break the glass.

A cash drawer was ransacked, but until creamery officials make a check today, police will be unable to learn how much the burglar had taken.

Two safes in the office were not touched, indicating that either the burglar was an amateur, or had been frightened away before he could blow the safes.

Naval Parley Delayed Week

LONDON, Nov. 29.—UP.—Convening of the world naval conference, has been postponed until December 9 to enable the United States delegation to arrive for the opening, it was announced today.

GUARD MAY BE CALLED TO AID COPS

FRESNO, Nov. 29.—UP.—Status which police said might be blood were found on a shirt discovered in the rooms of a young laborer, questioned in the killing of Mary Stammer, 14, it was reported tonight.

The youth, one of several detained for questioning, previously had been reported cleared of all connection with the case.

BREAK HEAR

There were unconfirmed rumors that a definite "break" was near in the puzzling mystery. Equally unconfirmed rumors circulated that the Fresno unit of the National Guard had been ordered to stand by to prevent any lynching attempt.

Four suspects were quizzed by detectives and police in an effort to "break" the mystery. The pretty child was found Sunday near death from a rifle bullet wound in her head, her clothes disarranged, and bearing marks of a brutal beating.

YOUTH QUESTIONED

Sheriff George Overholt and his aides were questioning a youth secretly taken into custody this morning when he appeared at the home of Mrs. Dolly Truett here and asked for food. He was taken to the sheriff's office and later placed in a cell.

The youth, according to sketchy information filtering through the wall of secrecy thrown about him, appeared "very nervous," answered the theoretical description of the killer and wore shoes spotted with red stains. His shirt bore stains resembling washed-out blood.

NEGRO HELD

The second local suspect came into the investigation through friendship with Mary Baker, Indian maid at the Stammer home. (Continued on Page 3)

Shortening Odds On F.D.R. Incite New Dealers' Ire

NEW YORK, Nov. 29. UP.—A further shortening of betting odds favoring the re-election of President Roosevelt, quoted tonight at 8-5, was attributed by Wall Street betting commissioners to the mounting straw vote against the New Deal in the Literary Digest's national poll.

The drop may be short-lived, however, as the President's Atlanta address today was expected to gain him some support.

Today's straw vote tabulation, on analysis of 207,087 votes from 12 states, reported 44.11 percent supporting New Deal policies and 55.89 percent against the Roosevelt administration, as determined by this question: "Do you now approve the acts and policies of the Roosevelt New Deal to date?"

The form of the question, has been criticised severely by the Democratic high command as "implying a negative answer." Significance of the straw vote also was challenged on the grounds the Republicans had not selected a presidential nominee.

Resident Facing Garbage Charges

Leland Austin, 22, of Yuba and McFryde avenues, is scheduled to appear before Police Judge C. A. Odell on charges of dumping garbage in a vacant lot. He was arrested by local police Thursday.

David Markus, 40, of Oakland, was fined \$10 by Judge Odell yesterday morning for buying and selling junk without a city license.

Woman Takes Poison

VIOLENCE BY MOB FEARED IN KILLING

TWIN FALLS, Idaho, Nov. 29. UP.—Fearing the finding of the shot in body of his young former wife would prove an added incentive for mob violence, officers tonight rounded Douglas Van Vlack, 32, from the county jail here.

The officers and prisoner were bound for an unannounced destination.

Van Vlack, confessed killer of State Traffic Officer Fontaine Cooper, faced a second charge of first degree murder, the climax of a peculiar story of abduction and murder along a trail leading from the peaceful streets of Tacoma, Wash., to the barren highway between here and Buhl, where he left a trail of blood and death.

SENT WIRE

It was last Saturday that Van Vlack accosted his brunette ex-wife on the streets of Tacoma. He either forced or persuaded her to enter his car and thereupon began a wild ride toward the great open spaces of Idaho.

The pair stopped in Boise. Mildred Hook, 22, the wife, daughter of Joseph Hook, writer of

Livermore Boy Shot By Mother Is Near Death

SANTA BARBARA, Nov. 29.—UP.—Jesse Livermore, Jr., 16-year-old son of Wall Street's famous "boy plunger," lay on a hospital bed tonight, dying from a bullet wound drilled into his liver by his mother after a bitter family wrangle over liquor.

The mother, Mrs. Dorothea Livermore, was held under guard in another hospital room a few doors away, screaming "I've shot my boy—I've shot my boy" as physicians slowly brought her out of a drugged coma while deputy sheriffs guarded her bed.

The father, Jesse Livermore, Sr., was en route by airplane from St. Louis, Mo., to reach the side of his dying son and divorced wife.

Only witnesses to the tragic family quarrel, in which the middle-aged mother snatched up a .22 caliber rifle and fired a bullet through her son's chest as he tilted a bottle of whiskey to his lips, was the boy's tutor, D. Neville, of New York City, who also reportedly is Mrs. Livermore's fiancé.

OAKLAND, Nov. 29. Charles will be filed with the State Civil Service Commission on December 10 against Michael Connolly, chief liquor control officer of Alameda and Contra Costa counties, Richard E. Collins chairman of the State Board of Equalization announced in Sacramento today.

The announcement followed disclosures that Collins last Tuesday had demanded Connolly's resignation from the office and that the resignation was "flatly refused" by the liquor law enforcement officer.

The flare up followed a raid on the Oasis club in El Cerrito in which the proprietor was arrested. (Continued on page 8)

Long Speaks At Session Of P. W. U. U.

Supervisor James N. Long was the speaker last evening when the Public Works Unemployment Union held its meeting at WOW hall.

Supervisor Long addressed the gathering of WPA workers on the problems facing the organization and declared that the supervisors were doing their best to iron out wage differences which have been protested by the workers.

The Union is taking action to have the SERA practice of distributing surplus foods to the WPA workers revived. This practice was stopped when the SERA was discontinued. The Union declares they are WPA workers and should receive these foods which are being wasted.

Telegrams were sent to Harry Hopkins, Federal relief administrator asking that local workers on the Mare Island naval project be paid a minimum wage of \$55 a month, instead of the present \$44 monthly wage.

Lee Mason, president of the Union presided last evening.

SAN PABLO HAS NARROW ESCAPE HERE

A San Pablo woman narrowly escaped death last night when she drank deadly poison.

Mrs. Mary Montoya, 36, of Lowell avenue, San Pablo, swallowed a quantity of nicotine, a deadly drug, when she mistook the preparation for wine.

AT HOSPITAL

The woman was taken to the Richmond Cottage hospital in a Wilson and Kratzer ambulance and was treated by Dr. J. W. Bumgarner. She remained at the hospital over night for observation. Attending physicians say she will recover.

According to the story, Mrs. Montoya told hospital attendants, she had the poison in a wine bottle in her home. She has an extensive garden around her home and used the nicotine to spray the plants.

MISTOOK BOTTLE

Last evening she went to the cupboard to pour herself a glass of wine and picked up the poison bottle by mistake. The liquid is of a color similar to a white, sweet wine, and she did not realize she had the wrong bottle until after she had swallowed a mouthful of the deadly drug.

Instantly she knew she had taken poison. Except for her young daughter, she was alone in the house. She ran to the telephone and summoned an ambulance and then walked to the front of the house to signal the vehicle when it arrived. As she reached the front porch, she became seriously ill and fell. The ambulance arrived a few seconds later and took her to the hospital. A stomach pump was applied and she was given antidotes.

Speedy attention, doctors say, saved her from death.

The missing man is five feet two inches tall, and weighs 130 pounds. He is 39 years but looks older. He has blonde hair, cut short, and was wearing a strap cap, gray pants and a gray checkered jacket.

Polo Leader In S. F. To Plan Winter Season

Liner Dixie Is In Service Again

SAN FRANCISCO, Nov. 29.—UP.—Eric Pedley, internationally famed poloist and leader of the Southern California polo team, arrived here today to discuss plans for the most ambitious winter polo season in the nation.

The liner Dixie of the Southern Pacific Steamship Lines, which was blown on a reef in the Florida hurricane of last September, has been reconditioned and will return to service on the New York-New Orleans route December 11, according to the local representative.

Captain Einar W. Sundstrom who won praise for the rescue of his passengers and crew and for salvaging his ship, will again be on the bridge when the Dixie steams out of New York harbor, it was said.

Many new features emphasizing comfort and convenience have been added to the Dixie in connection with the reconditioning, it was said.

Garcia sent Ross to the floor in the first round but Barney came back to win an unpopular decision.

Business Gains Are Quoted By James Moffett

NEW YORK, Nov. 29.—UP.—J. A. Moffett, vice president of the Standard Oil Company of California, today indicated he is out of patience with business men attacking the Roosevelt administration's alleged interference with industry.

"There is no question that business is better, much better, today than when President Roosevelt took office in March, 1933," he said as he sailed on the Europa. "That improvement is due to the policies of the President. It is remarkable that the better business gets, the more business men howl about government interference. You didn't hear any such howls in March, 1932. Business is improving because of President Roosevelt, and not in spite of him."

Webb Declares Political Code Clause Invalid

SAN FRANCISCO, Nov. 29.—UP.—A retroactive clause in an amendment to the state political code, enacted at the last legislative session, and affecting appointments to unexpired terms of public offices, today was ruled unconstitutional by Attorney General U. S. Webb.

Fred E. Bee and Walter M. High, San Mateo county supervisors, must stand for re-election in 1936, as a result of the ruling.

They were appointed by Governor Frank F. Merriam for terms extending to 1938, after they failed to file bonds within the time prescribed by the political code.

Webb held that while the amendment was legal in making terms of appointees good for unexpired terms, its retroactive features were illegal.

Similar cases have developed in six other counties of the state, State House observers reported.

TOOK OFF 17 LBS. OF UGLY FAT

HEEDED DOCTOR'S ADVICE

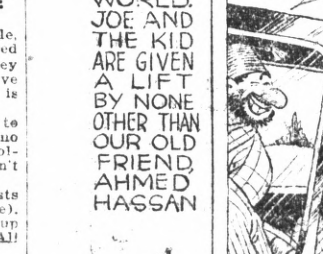

Mrs. Robert Hickey, Roseville, Calif., writes: "My doctor prescribed Kruschen Salts for me—he said they wouldn't hurt me in the least. I've lost 17 lbs. in 6 weeks. Kruschen is worth its weight in gold."

Mrs. Hickey paid no attention to quacks who said there was no safe way to reduce. She wisely followed her doctor's advice. Why don't you?

Get a jar of Kruschen to-day (lasts 4 weeks and costs but a trifle). Simply take half teaspoonful in cup of hot water every morning. All druggists.

RE-ELECTION DRIVE OPENED BY ROOSEVELT

ATLANTA, Ga., Nov. 29.—UP—President Roosevelt today signalled completion of his recovery program as he informed the nation that "we have passed the peak of unemployment," hailed re-employment of 3,000,000, and fished savagely at New Deal critics.

Speaking to thousands of Southern Democrats who staged a monster "homecoming" celebration in his honor, the Chief Executive reviewed two and a half years' work in a general summation in behalf of his Administration and its acts. To observers, the speech—largely a panoramic view of social, economic and agricultural experiments—was the keynote of the campaign. Mr. Roosevelt will wage for re-election inasmuch as those experiments were contrasted against conditions as he found them when he entered the White House March 4, 1933.

Some persons felt his sweeping attack was aimed particularly at former President Herbert Hoover who came out of semi-political retirement lately to attack the new order.

Through the entire address ran frequent allusions not only to 1933 but the years preceding it. These were followed by a defense of the policy of lavish government spending, the citing of gains, and declaration that the credit structure of the government was sounder than that of any other great nation.

Mr. Roosevelt was cheered frequently as he spoke. A sympathetic audience of the deep South, estimated at nearly 100,000, jammed every inch of space in Grant Field, stadium of the Georgia Institute of Technology. They acclaimed him when, in the accounting of his stewardship, he remarked:

"As things stand today, and in the light of a definite and continued economic improvement, we have passed the peak of appropriations. Revenues, without the imposition of new taxes, are increasing, and we can look forward with assurance to a decreasing deficit."

Mateo Ferreira, 30, of San Pablo, sustained cuts about the face when a truck in which he was riding with Jack Smith, 42, of Oakland, was involved in a collision on Tank Farm Hill with a car driven by Frank Costa, of San Pablo. Costa was arrested on charges of driving while drunk.

FERA IS ENDED OFFICIALLY BY HARRY HOPKINS

WASHINGTON, Nov. 29.—UP—The Federal dole to States technically ended tonight and Administrator Harry L. Hopkins announced one of the first of the New Deal alphabetical agencies, the FERA, would be liquidated immediately.

His announcement came shortly after President Roosevelt, in a fighting speech at Atlanta, Ga., proclaimed the success of the \$14,000,000,000 work-relief program for which he assumed personal responsibility. The President said a total of 3,125,000 employables had been put to work on government-financed projects.

Although the government will make no more cash advances to States to feed and care for their destitute, Federal dollars still will be available from November grants in at least two states for this purpose during December. Twenty-six states previously had been cut off from direct relief.

The 22 states which Hopkins said "have been given their last allotments of Federal funds by the FERA" were California, Florida, Illinois, Kansas, Louisiana, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, New York, North Carolina, North Dakota, Oklahoma, Pennsylvania, Tennessee, Texas, Utah, Montana, Washington, West Virginia and Wisconsin.

Relief officials declined to divulge the amount of money advanced to some of these States to continue the dole during December or until jobs can be found for more employables, or to say which received the cash.

The Administration officially fixed December 1 as the day the dole would end. Officials said the success of the work-relief program was assured. They pointed out that two days ago a total of 3,125,000 employables of the estimated 3,500,000 had returned to work and that another 125,000 have been made self-supporting since that time.

The third man in custody is a local Negro, whose name was not divulged. Deputy sheriffs revealed, however, that he was involved in an attack case some time ago.

A report that a vigilante group, operating as volunteer investigators in the case, had a suspect in custody, proved to be an old development.

Several days ago a youth, who lives near the Stammer residence in a fashionable neighborhood, was seized and questioned by the vigilantes. He established that he had been making a truck trip to Los Angeles when the slaying occurred.

Another suspect, William Bakeman, remained in custody at Bakerfield pending arrangements by Overholt to question him and compare his fingerprints with those found on pieces of glass removed from the rear door of the Stammer home when the killer crashed his way in.

Work On Bridge Is Delayed By Cat-Walk Crash

SAN FRANCISCO, Nov. 29.—UP—Operations on the San Francisco-Oakland bay bridge were halted temporarily today when two of the four steel cables, holding a catwalk in place, gave way and plunged a 20-foot section of the catwalk into the bay.

Jack Bauer, San Francisco bridge workman, narrowly escaped a plunge into the water when he seized a cable as the catwalk fell and drew himself to safety.

The accident occurred between Towers 3 and 4, on the catwalk along the north cable, which has been completed recently. The delay to operations will not be serious.

Most of the workers were on the opposite catwalk working on the south cable. Approximately 1,200 feet of the leading gave way. Part of the catwalk floor, fastened to the lashings, dangled above the water.

Two pieces of wood bounced on the deck of the ferryboat New Orleans but did not strike anyone.

Trade Pact

MUTUAL TARIFF concessions on commodities representing a large part of the trade between Canada and the United States are expected by President Roosevelt to double trade relations between the two countries the coming year. However many of those who raise the commodities affected are in violent disagreement with the President and are demanding revision of the agreement. Above is the signing of the pact in Washington. In center, Premier W. L. Mackenzie King signs for Canada, after Secretary of State Hull, left, has signed, as President Roosevelt watches.

Clerk Fails To Get Bail; Claims He Did Not Know Of Search

(Continued from Page 1)
then sent teletype messages to police of the state, asking them to be on the look-out for Prosser. In the teletype message was the license number of Prosser's machine.

On Thursday a Los Angeles police officer saw the car parked in front of a hotel and waited there until Prosser came out. The policeman then placed him under arrest. Los Angeles police say Prosser was in the company of a woman. Her name was not learned. She was not molested by police.

Upon receipt of word of Prosser's arrest, Miller and Beck left immediately. They and their prisoner arrived at Martinez shortly before 8 o'clock last evening.

WOULD RETURN

Prosser told officers that he had no intentions of fleeing, and that he was going to return to El Cerrito on Sunday night, ready for his duties on Monday.

He declared that he had decided to go to Klamath river on a fishing trip but changed his mind when he learned that there was a job open in Southern California. He allegedly told officers that he couldn't pay alimony to his wife and son, Fred, Jr., 9, on the \$150 a month salary and fees he received from El Cerrito, so he decided he had better look for a job which would pay more money.

Officers said he constantly reiterated his statement that he did not know a bench warrant had been issued for him.

AUDIT PLANNED

Although Prosser allegedly took an unauthorized vacation, the El Cerrito city council last Monday night took no action in the case but planned Monday to request an audit of city books.

Some time after Prosser disappeared a controversy arose over the manner in which he allegedly frus-

trated payment of alimony to his former wife, Wilbur Pierce, attorney for Mrs. Prosser, claimed in a statement to Oakland newspapermen, that he had attached Prosser's salary and charged "collusion" between the city clerk and other city officials to avoid payment by permitting Prosser to draw his salary before it became due.

Are You A Horn Or Brake Driver

The Richmond Traffic Safety Council is sponsored by a group of public or civil minded persons who believe the number of so-called accidents can be decreased through education and will offer to the readers of the local papers, various articles from time to time for their consideration. The initial one is concerning horn vs. brake driving: "Did you hear about the chap who lost control of his car, ran across the sidewalk and crashed into a building? When he came to, his first words were: 'It wasn't my fault. I blew my horn!'"

"All too many motorists drive their horns instead of their brakes. They try to blow everybody out of their way including little children who are too busy to hear the horn, and need pedestrians who may be too deaf to hear it."

"There's a technique to driving through residential districts which the Richmond Safety Council urges everyone to learn. Use your horn, but be certain it conveys your message. The first two frequently pass unnoticed. Three separate and distinct blasts will attract the attention you desire. But even then, don't depend on the horn. Slow down and keep your car under control when there are pedestrians ahead."

QUESTIONS AND ANSWERS

(Hot Flashes)

Question: Mrs. T. S. wants to know: "What makes me have hot flashes which are worse at night? I am 56 and in the change of life."

Answer: "Hot flashes" are one of the common symptoms of the menopause or change of life. As a symptom, they are annoying, but not particularly serious. Usually, at the end of the menopause period, they cease. Very often, the patient will find them less troublesome, if she adopts those good habits of living which will improve the general health. There is no particular treatment to use which will provide relief from hot flashes in an effort to keep the patient upon raising the health standard in an effort to keep the patient as comfortable as possible. If you wish an article on the menopause, I will be glad to send it to you. This article is available to any one who writes to me in care of this newspaper and requests it. With your letter please enclose ten cents and one large, self-addressed envelope.

(Reducing Hips)

Question: Miss Lorna B. inquires: "Would roller skating, ice skating, or hiking, help to reduce hips that are too large?"
Answer: The desired reduction of the hips would be brought about by any of the activities you mention. A brisk walk of four or five miles a day offers one of the best ways to reduce the hips and is probably the most effective kind of exercise for the purpose.

(Source of Quotation)

Question: Mrs. Thomas J. writes: "Where can I find the origin of this quotation: 'Constantly bear in mind the fact that a higher morality, like a higher intelligence, must be reached by a slow growth; and you will then have more patience with those imperfections of nature which your child hourly displays. You will be less prone to constant scolding.'"

Answer: This quotation comes from "Education" by Herbert Spencer.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks pink, don't allow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in pimples. Your head aches and you feel down and out. Your whole system is poisoned.

If taken these good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. You don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware! A substitute. 25c at drug stores. © 1931 C. M. Co.

BUCKHORN BUFFET TO OPEN TONIGHT

PROVINCES TO DECLARE AUTONOMY

TIENTSIN, China, Saturday, Nov. 30.—The Provinces of Honan and Chahar will declare their autonomy within a few days, it was indicated today.

General Sung Chen-Yuan, overlord of the two rich North China regions, told newspapermen in Peking he was telegraphing Nanking that the pressure of autonomy sentiment was becoming overwhelming and that immediate action must be taken.

SITUATION TENSE

Sung's declaration followed a conference with Major General Keaji Dohara, chief political agent of the Kwantung army—the Japanese army in North China.

An official statement said: "Sung Chen-Yuan has decided to telegraph Nanking that the situation has become tense and that the pressure in favor of autonomy is almost overwhelming. He is asking that more definite measures be taken, and requesting instruction on how to cope with the situation."

All Voters To Re-Register In January

(Continued from page 1)

These names are being carried at the expense of the county and the clerk has no way of determining their validity. One clerk reports that in his county, which is one of the large counties of the state, sample ballots and other election material mailed to registrants were unclaimed by as much as 45 percent of the persons registered in one precinct, indicating they either had moved from that precinct or had died. The financial loss to the county is readily seen.

In its decision, the Supreme Court said:

"We are of the opinion that the amendment by the legislature must be held to be a valid exercise of legislative powers. A new and permanent registration is required, commencing with the year 1936."

The court's decision was made on the petition of William M. Kerr, registrar of voters at Los Angeles, for a writ of mandate to compel H. E. Russell, city purchasing agent, to furnish him with supplies for re-registration of the voters there in January.

County Rum Chief Will Face Charge

(Continued from page 1)

Collins refused to detail the charges, except to state that "more serious allegations" than permitting unlicensed liquor stores to operate in Oakland and Contra Costa county are under investigation.

Connolly, meanwhile, is on vacation, and it was understood that he left Los Angeles today by airplane for Chicago to contact Fred E. Stewart, board member from Oakland, and George M. Stout, chief liquor law enforcement officer for the State, who are attending a convention in Indianapolis, Ind. Connolly originally received his appointment as a board employee through Stewart.

The charges against Connolly already made known involve alleged permission of the Dixon Liquor Stores at 5847 San Pablo avenue and 323 14th street to operate without a license. The latter store is only two blocks from the board office here.

E. M. Borsten, who was assistant to Connolly, handed in his resignation Tuesday.

While board members waited for the meeting December 10, two employees of the board were "in charge" of the Oakland office. W. Aird Macdonald, Stockton liquor officer, was sent here early this week by Collins to assume command of the liquor enforcement detail, and shortly afterward, J. E. Dillert, second assistant in the Oakland office, received a telegram from Stout to "take charge."

Hopkins "found the spigot" and turned \$454,000 of federal funds, or \$27 a vote, into that district. In Kentucky, \$12,000,000 or \$10 for every voter, was released ten days before election. Also in Kentucky unsigned letters were mailed from Washington to voters on relief rolls declaring that "President Roosevelt, a friend of the poor, provided relief so that those in need would not suffer," and exclaiming, "Won't you help President Roosevelt, and yourself by voting for Chandler on the Democratic ticket?" In Erie, Pa., a letter distributed from Democratic campaign headquarters read as follows:

"Dear Friend: We understand you are at present employed under WPA. This employment, we believe, was only made possible through the Democratic party. We are, therefore, asking you to assist us with a financial contribution. Please call on Ken Thompson, treasurer of the finance committee, Commerce Building, no later than Wednesday of this week. Your cooperation in the matter will be greatly appreciated. Very truly yours, Democratic Finance Committee."

Italian Leaders Not To Be Known In Africa Drive

ASMARA, Nov. 29.—UP—Names of individual Italian leaders must be eliminated from the news because "Italy is fighting as one," Marshal Pietro Badoglio, new commander-in-chief of the Italian army, fighting Ethiopia, announced in a press conference today.

Correspondents will not be permitted to describe the numbers, movements and positions of troops which might help the Ethiopians.

Badoglio said he was most pleased at the military situation left by his predecessor, Marshal Emilio de Bono, and would do his utmost to bring the campaign to a successful conclusion.

Lalest Cafe, Bar To Be Opened To Public of Richmond Tonight

Declared to be one of the most modern establishments of its type in the bay area, the new Buckhorn Buffet at 2233 Macdonald avenue—near the corner of Twenty-third street and Macdonald avenue—will have its formal opening this evening.

J. J. Peres and J. A. Donnenwirth, the proprietors, have cordially invited the public to attend the opening of the establishment, which takes its place as one of the outstanding buffets in the City of Richmond.

OPENING TONIGHT

In observation of the opening, free sandwiches will be distributed to the visitors from 8:30 until closing time tonight. A hill billy orchestra will be present to provide music for the entertainment of what is expected to be a record crowd of visitors.

The building, which was formerly occupied by a store and stage station, has been completely remodeled at a huge cost for the comfort of the patrons. Almost the entire ground floor of the building has been converted for the use of the buffet.

DECORATION SCHEME PLEASING

The establishment has been decorated and finished in surprisingly good taste and charm. A lighting system has been adopted, which sets off the soft, gray decoration scheme of the building. A dark shade of linoleum on the floors; a similar shade of coverings for the counters and bars and the soft comfort of the leather seats all combine in a pleasing effect.

One of the features of the establishment is a cocktail lounge, which is furnished in the new and ultra-smart modern manner. Overstuffed chairs and lounges are finished in leather and stainless metal and carry out the popular modernistic decorations motif.

RETAIL DEPARTMENT

In addition to the cocktail lounge there is a retail sale department which features the leading and popular brands of bottled beer, wines and liquors.

In the rear of the establishment is the restaurant, which promises to be one of the most popular cafes in the city. Steve Grinich, formerly manager of a prominent eatery restaurant, is managing the cafe and he has prepared a bill-of-fare of sandwiches and short orders which will appeal to the palate, and bring the campaign to a successful conclusion.

GOOD FOODS FEATURED

In addition to short-orders and sandwiches, the buffet will especially feature dinners, luncheons and breakfasts, all cooked by competent and experienced chefs who have mastered the art of preparing and serving foods in a manner that is distinctly pleasing to the eye and taste.

Today both Peres and Donnenwirth are receiving the congratulations of their friends and patrons for presenting to Richmond the latest addition to the business district of the city.

Offer Rewards For Bodies Of Murder Victims

OKLAHOMA CITY, Nov. 29.—UP—The State of Oklahoma tonight offered rewards of \$125 each for the bodies of four of Chester Comer's victims, offering none for the fifth "because the proof seems almost overwhelming that she is buried in the Potter's Field at Kansas City."

Governor E. W. Marland, on advice of the adjutant general of the National Guard and others, posted the rewards after the funeral of Comer, young Oklahoma City oil field and farm worker who is conceded to have killed:

Ray Evans, prominent Sawnee attorney; L. A. Simpson, Piedmont farmer; Warren Simpson, the farmer's son, and Mrs. Lucille Sevens Comer, his own second wife.

Adjutant General Charles F. Barrett said "proof seems to be accumulating very rapidly, and identification is almost certain" that Comer's long-missing first wife was the girl whose body was found on a lonely road near Kansas City, Kan., in October, 1934.

Crockett Man Taken By Death

CROCKETT, Nov. 29.—Michael Bohan, 68, of 723 Loring avenue, Crockett, died last night in an Oakland hospital.

A native of Inniscarra, County Cork, Ireland, Bohan came to Crockett 36 years ago, directly from his native land, and for 28 years of his residence in the Contra Costa city, made his home with Cornelius Crowley. For the past several years he was custodian of the Carquinez grammar school.

He was a member of the Ancient Order of Hibernians, Division 1, of Crockett and of St. Rose's Catholic church.

The body will be brought from the Ryan Funeral home in Richmond on Sunday afternoon to the chapel, where rosary will be said at 8 o'clock. Services will begin at 9 a. m. Monday and will continue with a requiem high mass at St. Rose's church at 9:30 o'clock. Interment will be in St. Joseph's cemetery, San Pablo.

Bohan leaves a nephew, George Hutchinson, in Ireland.

VIOLENCE BY MOB FEARED IN KILLING

(Continued from page 1)

"crime mysteries," telegraphed her parents from Boise that "I am all right."

KILLED OFFICER

The pair then started for Twin Falls, leading city of the region near the Oregon-Nevada border. Word of the abduction had spread. Joseph Hook, ignoring fictional "Sherlock Holmes," called on police for record on his daughter.

Approaching Buhl, State Officer Fontaine Cooper and Deputy Sheriff Henry C. Glens attempted to flag down the speeding car. Van Vlack fired. Cooper fell dead, a bullet through the right eye. Glens, writhing in agony from wounds through the arm and neck. His condition is critical.

What happened from then on only Van Vlack knows.
